Haridwar, Taking a leaf from saffron colouring of temples, ashrams and other buildings during last year's Prayagraj Kumbh in Uttar Pradesh, Uttarakhand government has decided to paint all such religious structures adjacent to Ganga in Haridwar in saffron colour for next year's Mahakumbh. Saffron and yellow colours will be used across the Kumbh mela zone in and around Har-Ki-Pauri area in Haridwar. Some ashrams, local priests and traders have already started colouring their religious structures in saffron and yellow. The Kumbh Mela administration, which had been dwelling on the move for quite some time, approached Akhadhas, saints, pontiffs of ashrams-maths, traders and local people for more suggestions and cooperation in this regard. Haridwar-Roorkee Development Authority (HRDA) has already completed a survey of 150 buildings and structures from British era Damkoti Ganga canal regulator Bridge till Sarvanand Ghat, adjacent to Badrinath-Mana-Ghaziabad Highway-58. Kumbh Mela officer-in-charge Deepak Rawat has been pressing for one colour-look of the mela zone during the Mahakumbh for which he has been getting a good response from stakeholders.

## Excited yet watchful of the future - DSP MF reveals Vision 20/20

Ahmedabad, DSP Mutual Fund came up with an assessment concept "Vision 20/20" to envision the future of business. 20/20 in medical parlance refers to the sharpness of vision. DSP MF employed 3 lenses when evaluating the future of investee or potential investee businesses (and by extension, its funds that hold those businesses) bucketing it into high visibility, medium visibility and low visibility businesses. Personal mobility will see a trend with people in mid-high income brackets would prefer to buy cars/2 wheeler instead of using services like Uber/Ola. The demand for second hand vehicles has picked up with a focus on low-budget, mass market vehicles. Similarly, there is a shift to online buying with many shopping apps and online healthcare and medicines have seen a huge spike in demand.

Affordable housing could see a pickup as the government is likely to focus on providing better living conditions to poor people. Work from Home could create disruption in rent seeking stories (REITs, Commercial Real Estate) and internet boom, benefitting telecom players. This could also translate into increased consumption of ready to eat packaged foods categories. Export driven pharma companies are well positioned to leverage the 'Self Reliant India' theme. Hand Hygiene products (Hand sanitizer/ hand wash) have seen ~10x jump in penetration levels. Unavailability of social security, the high cost of healthcare and low penetration of protection policies in India may drive the demand for both medical and term-life insurance. (19-10)

## Rajasthan passes bill to make masks mandatory

Jaipur, Rajasthan assembly on Monday passed a bill making it mandatory for people to wear face masks in public, the first state in India to pass a such a law. The new clause prohibits the "movement of any person in public place, public transport, private transport,

work place or at any social, political, general function or gathering without properly covering his mouth and nose with face mask or face cover". In a statement of the objective and reasons for introducing the bill, the government said health experts all over the world are of the opinion that use of mask can help control the spread of Covid-19 considerably and save the lives of millions of people. "The State Government is also of the view that wearing mask should be made mandatory in public place, public transport, private transport, work place or at any social, political, general function or gathering and decided to prohibit movement of persons without wearing mask at such places," the statement said.
